

I would like to tell you about...

I would like to explain why...

Today I have learnt...

The best bit of this lesson was...

Today we were focussing on...

An important thing to remember is...

Today I found out that...

It really helped me when...

The most interesting part was when...

I could have improved my work by...

Next time I would like to...

I enjoyed the part when...

What do you  
need more help  
with?

What were you  
most pleased  
with?

What did you  
find most  
difficult?

What really  
made you  
think?

Do you have  
any questions?

Did you learn  
anything new  
today?
