

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can explain  
how I found  
the answer to a  
word problem  
that involves  
measurements

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can check  
whether the  
answer to a  
calculation is  
correct

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I write down  
my method to  
add or  
subtract  
two-digit or  
three-digit  
numbers

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can multiply  
and divide a  
two-digit  
number by a  
one-digit  
number

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can say what  
multiplication  
fact I would  
use for a  
division  
calculation

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can test  
whether an  
angle is equal  
to, bigger than  
or smaller  
than a right  
angle

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can say  
what one  
division on a  
scale is worth

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can read a  
scale to the  
nearest  
division or  
half-division

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can tell the  
time to the  
nearest 5  
minutes

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can work  
out the start  
or end time  
for an activity

Year 3, Block D, Unit 3

Calculating, Measuring  
and Understanding Shape

I can explain the steps involved in answering a problem. I make sure that the answer I give makes sense
