

Maths Challenge!

If the answer is 34 what is the question?

How many questions can you come up with?

Get thinking!

Maths Challenge!

If the answer is 34 what is the question?

Work out what the question could be using 2 maths operations

$$\text{E.g. } 20 + 16 - 2 = 34$$

Maths Challenge!

If the answer is 34 what is the question?

Work out what the question could be, making sure you include the number 8

$$\text{E.g. } 8 \times 3 + 10 = 34$$

Maths Challenge!

If the answer is 34 what is the question?

Work out what the question could be using only addition operations.

$$\text{E.g. } 20 + 9 + 5 = 34$$
