

'I Can...' Science statements: Experimental and Investigative Science

Level 3

I can put forward my own ideas.

'I Can...' Science statements: Experimental and Investigative Science

Level 3

I can make simple predictions.

'I Can...' Science statements: Experimental and Investigative Science

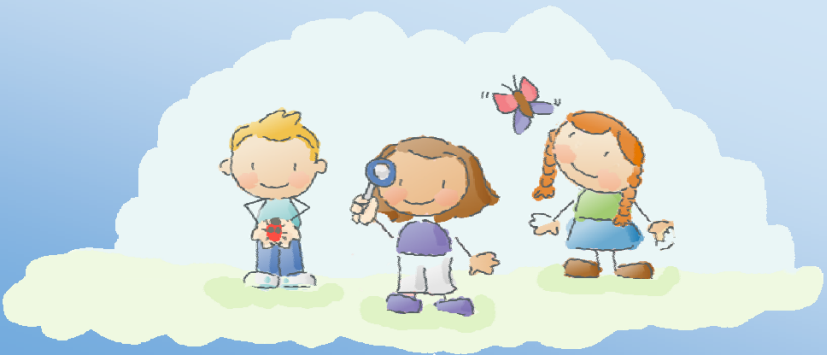

Level 3

I can recognise when a test is unfair.

'I Can...' Science statements: Experimental and Investigative Science

Level 3

I can record my measurements and observations in a variety of ways.

'I Can...' Science statements: Experimental and Investigative Science

Level 3

I can talk about and explain what I have found out about in my work.

'I Can...' Science statements: Experimental and Investigative Science

Level 3

I can explain why something has happened during an observation.

'I Can...' Science statements: Experimental and Investigative Science

Level 3

I can explain the reasons behind simple patterns in recorded measurements: e.g. length or direction of shadows in the playground over the period of a week.
