What Plants Need

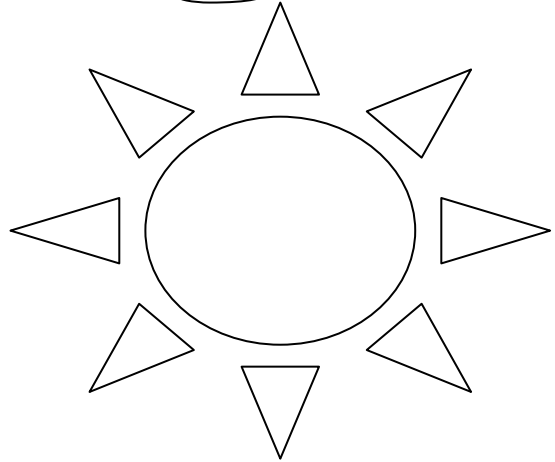

Name.....

Class.....

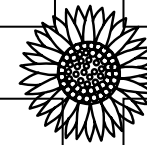

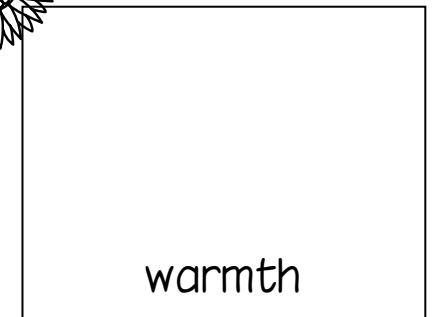

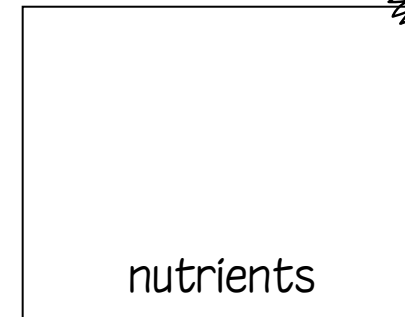

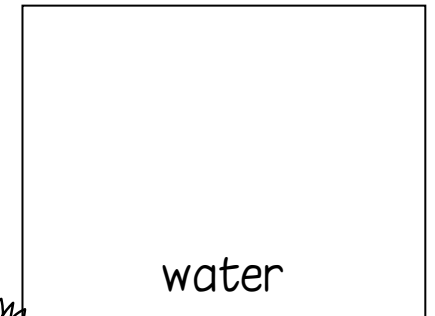

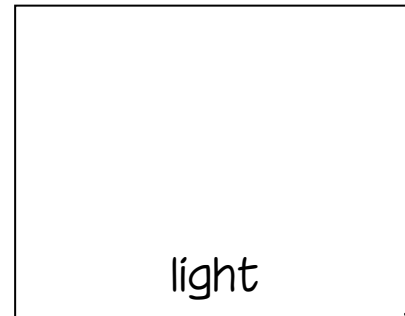

Light

Green plants
need sunlight so
they can make
their own food.

What Plants Need

Draw your own pictures

Quick Quiz

Draw pictures

1. This helps plants make their own food.

2. Without this a plant will die

3. These are found in the soil.

4. This comes from the sun, just like light.

Water

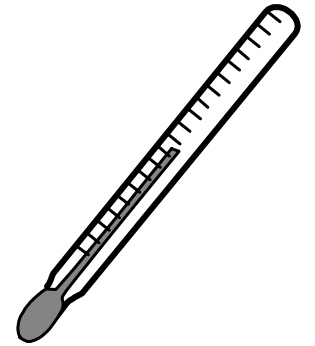

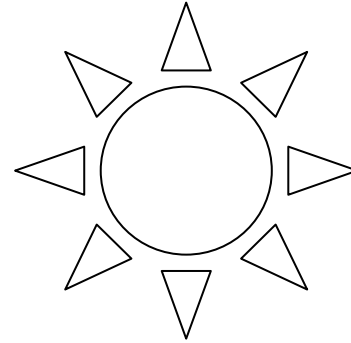

Plants will die if they do not have water.

Nutrients

Nutrients feed
the plant and
are found in the
soil.

Warmth

The sun gives
warmth. Plants
do not like to be
too hot or cold.
